About Forato by Fulvio Bianconi

“Forato” by Fulvio Bianconi, Murano blown glass vase. Elegant Murano blown-glass vase, designed by Fulvio Bianconi and produced in 2003. With its flattened circular form, it is crafted from transparent blue glass of great clarity. The piece is distinguished by its four through-openings, each emphasized with an applied red-glass ring, creating a vibrant and graphic contrast. The cylindrical neck is finished with a thin red rim, echoing the chromatic accents of the applied rings. This late edition of the Forato series highlights Bianconi’s formal freedom and experimental spirit.
